

ROMAN SLIUSAR

DESIRED POSITION: MAGENTO 2 DEVELOPER

About me

Software engineer who has started professional career as a regular Html coder, than grow up to NodeJs/AngularJs development and now I'm working with Magento 2 (love, sleep and eat it).

Working with Magento 2 platform starting from the beginning of 2017. Working along with agile methodologies including Scrum.

I prefer a healthy lifestyle like traveling, biking, jogging and so on, have a military ID, can find the way from difficult situation by myself.
